## **Introduction of pet status**

### Growth period

Lasts 2-5 days, the better the care, the faster the upgrade, the cute baby gradually grows into a handsome boy, no longer so clingy, you can go to the yard to harvest crops to earn gold coins, there are more choices for food and toys, go to the park to catch butterflies and birds, make NPC friends, and the butterflies you catch will become pet little angels. You can also go to the supermarket to buy toys and change the decoration. At this stage, you can have the same constellation pet machine as in reality. Friends interact online, because you are too young, you can't travel out at this stage!

### Maturity

Lasts until marriage and childbirth. The handsome boy finally grows into an adult. You can go to the supermarket to buy accessories to decorate yourself. You can also take planes and high-speed trains to travel and experience a bigger world. Every city has its own specialties. Food, toys and accessories are available to choose from, more hidden gameplay will be opened immediately, and you can also experience the happiness of getting married and having children!

# Introduction of pet attributes

- 1) Friendliness: The friendliness between you and your pet will affect the money harvest of crops in the yard. When the friendliness is full, there will be red jumping around the pet. Be careful!
- 2) Satiety: The satiety of the pet affects the friendliness, and it will make you sick if you are often hungry.
- 3) Hygienic state: Pets will easily get sick if they do not bathe often and grow anywhere.
- 4) Money: The money owned by pets can be used to buy items.

## Sleeping

From 21:00 pm to 7:00 am the next day, the pet will sleep and cannot interact.

## Illness

If pets are not well cared for, they will get sick and need to use the first aid function.

## Tooth decay

Frequently eating sweets will cause tooth decay, and you need to use the first aid function.

## Hunger

If you don't feed, you will enter a starvation state. When you are hungry, your pet will stop growing. If you are hungry for more than 15 hours, you will enter a sick state. You need to use first aid.

## Internal urgency

Pets need to go to the toilet every once in a while

## Near-death

If you are sick for too long without first aid, you will enter a near-death state. If you are sick for more than 45 hours without first aid treatment, you will enter a state of death. You need a resurrection cross in a special item to save it. You can buy it at the supermarket.

## Menu Functions

There are eight functional modules in total, and the following will introduce the specific functions of each module in detail.

### Information settings

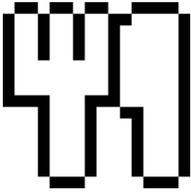

**Status:** You can view the pet's name, constellation, character, gender, friendliness, fullness, breeding date, and the number of gold coins.

## Game Features

**Infrared connection:** After infancy, the two pet machines can interact online, play games together, give

gifts to each other, and propose marriage only when they are adults. When the two machines are connected by infrared, the relative distance between the infrared communication parts of the two machines is as close as possible, and the distance is controlled within 1 meters, one opts to request communications and the other opts to receive communications. In order to save power, this machine has the function of automatic disconnection over time. After disconnection, you only need to reconnect. Note that only the opposite sex can connect. If the same sex is connected, it will be automatically converted to the opposite sex. The same sex cannot propose marriage.

**Mini-games:** There are two games to choose from. Fill in the numbers and whack the moles. The scores of the mini-games can be converted into gold coins.

## First aid function

When the pet is sick or eats too many sweets and causes tooth decay, first aid treatment can be performed.

## How to play

Interactive content:

- 1) There will be interaction by pressing the button in the living room, and there is a chance to summon the big 055 Uncle Langmeng of the Yuleyuan pet machine.
- 2) Different interactions will occur when going to the yard in different weathers and seasons.
- 3) There will be different interactions when going to the park in different seasons.

## What should I do if my pet is hungry?

If your pet is hungry, you need to feed him in time. You can choose the food in the refrigerator (the food you buy during travel and the food you get from the carrot gift box in the autumn park will be automatically stored in the refrigerator), or you can choose to eat in a cafe outside.

## What should I do if my pet poops?

Pets need to go to the toilet regularly, otherwise pets will defecate in the living room, and if the room is not cleaned in time, pets will get sick.

## Why do you get sick?

The more food you eat, the better. Eating too many sweets can lead to tooth decay and sickness! Over time or playing with toys too much will make your pet dirty, so if you don't bathe your pet for a long time, it will also get sick!

## What should I do if I am sick?

If you have cavities or are sick, you need to see a doctor. Use first aid to treat your pet. If it is not treated in time, it will be life-threatening!

## How do pets make friends?

You can meet NPCs of different constellations in the park. If you have nothing to do, go to the park and make more new friends!

You can connect to players' friends through infrared, and make game gifts together

You can also get married and have children.

## How to improve the friendliness with NPC friends and player friends?

Will go to the park or go to cafes to invite NC friends to enjoy food, and interact with players and friends more online.

## How to earn gold coins?

Just like real life, pets need money to eat, drink and play, so how can we earn more gold coins?

- 1) In addition to infancy, press the button in the living room to enter the yard to grow vegetables and fruits in exchange for gold coins.

- 2) Different vegetables and fruits will be produced in the yard. Each vegetable and fruit can be harvested with different amounts of gold coins. It can be harvested in the yard once every half an hour, and cannot be harvested in sleep and winter.
- 3) The amount of gold coins harvested is not only related to different vegetables and fruits, but also related to your friendliness with your pet.  
There are a lot of surprises in hidden gameplay: the higher the friendliness, the more gold coins you will get. I wish you the super rich medal as soon as possible!
- 4) You can also get gold coins by playing mini games to fill in the numbers and whack the moles!

## How to quickly improve the friendliness between you and your pet?

- 1) There are two main ways to improve your pet friendliness: playing with toys and feeding.
- 2) Different toys will bring different friendliness, usually the more expensive toys bring more friendliness.
- 3) Different foods will increase different degrees of friendliness, satiety and sweetness. Some foods will make you full after eating, and some will not feel full after eating a lot of food. You can achieve the goal of full satiety and friendliness through different food combinations.
- 4) Hidden little surprises: Different constellations have their favorite and disliked foods. If your pet eats the favorite food, your friendliness will be instantly full! Of course, if your constellation pet eats something they don't like,

your friendliness will also be instantly reset! Surprise, surprise?!

- 5) Go to different cities to buy different food, test which food can make you and your pet friendly quickly!

## How to open more tourist cities?

- 1) The game has designed a number of tourist cities, all of which are very representative of international metropolises. Different cities will have different toys, accessories and food. When traveling, you can not only take pictures to commemorate, but also shop by the way. Isn't it awesome?
- 2) Different cities have different opening conditions: for example: Beijing, as long as it reaches the mature stage, it will automatically open, while some cities need to buy a certain amount of toys or accessories to open, and some cities need to hand in enough friends can only be opened and so on. Cities that do not meet the opening conditions will be replaced by ??????. Only cities that meet the opening conditions can go shopping.
- 3) If your pet has been to all the travel cities, you will not only get the medal of travel master, but also a golden halo of UNGKUNG will appear on the top of your pet's head! Take the time to act and start more travel!

## How to spend less money to buy more food and toys?

On the lucky day, the food is half price, and toys, decorations and special props are only 20% off, so you can buy in bulk on the lucky day, which will help you save a lot of gold coins.

## How to propose marriage?

- 1) Proposal needs to reach maturity and use special props wedding rings (special props in props menu function), after choosing the wedding ring, choose the one you like the most among your NPC friends, and then you can propose.
- 2) If the marriage proposal is successful, all the constellation friends will come to celebrate your wedding together, and then start the next generation. If the marriage proposal fails, the friendship between the two parties will be reduced by a bit of caution, and the purchased engagement ring will also disappear.
- 3) The higher the friendliness of both parties when proposing, the more expensive the ring used, the higher the success rate!
- 4) Between players and friends, adult pets of the opposite sex can directly propose marriage through infrared connection.

## Can the things of the previous generation be inherited by the next generation?

After marriage, the next generation will be raised, and a new round of pet adoption process will start. The new generation will automatically inherit the gold coins, food in the refrigerator, toys, accessories and decorations, and purchased pets from the previous generation.

## What should I do if my pet dies?

If the pet is sick and not treated in time, or has not been well cared for and interacted with for a long time, the pet will turn into a dead soul. At this time, only the resurrection cross can be used to save your pet. In any case, cherish what you have everything, be kind to your pet, don't wait until you lose it before you regret it,

## What should I do if the battery is dead?

When the battery is out of power, there will be a screen reminder that the battery is exhausted. At this time, it is necessary to replace the new battery. After changing the battery, after resetting the time, choose to load the game, and you can continue to play! The original game content will not be lost.

## What should I do if I don't play for a long time?

If you don't play for a long time, you can take out the battery, put it back in when you want to play, and choose to load the game to continue playing.
